WORKSHOP

SPEAKERS

Senthilkumar Murugesan, the founder of JioVio Healthcare, is a visionary entrepreneur and technology mentor from Madurai, India. With a strong engineering background and a specialization in Startup Engineering from Stanford University, he has made notable contributions. Holding over 10 patents, Senthilkumar previously led global companies like Samsung and Qualcomm before launching successful startups like Geomeo and JioVio.

Mr. Senthilkumar
Murugesan, Founder -
JioVio Healthcare

Vijay Sankar is a Data Scientist at Ericsson and a graduate of Thiagarajar College of Engineering. Vijay has served as an evaluator and judge for the prestigious Smart India Hackathon - Software Edition '22. He is a dynamic and visionary professional, staying competitive in the ever-evolving global landscape.

Vijay Sankar, Data
Scientist - Ericsson

WORKSHOP

SPEAKERS

Nirmal Jeyavelraj,
Founder & Director
Wizardlenz XR Studio
(OPC) Private Limited

Nirmal Jeyavelraj is a Unity XR Developer with expertise in Virtual Reality (VR), Augmented Reality (AR), and Extended Reality (XR) technologies. He has a strong background in developing immersive solutions for various industries, including metaverse applications and interactive experiences. Notably, he pioneered India's first Physical Metaverse MSc Course and has mentored over 350 students in the field. His work spans innovative projects like AI-powered virtual reality experiences and augmented reality applications, making significant contributions to cutting-edge technology in immersive environments.
